

D. Table of Uses:

1. The Table below establishes the appropriateness of specific land uses in the seven (7) districts defined in Sections 11-8.9 (A)(B) and 11-8.8. Proposed uses in certain categories may only require reporting to the Code Enforcement Officer (CEO). Proposed uses in certain categories may be approved by the CEO if properly documented to prove minimal or no impact on abutting properties or resources. All other proposed uses must be approved by the Planning Board. The review process is defined in the Site Review Ordinance.
2. Proposed commercial or industrial uses not specifically listed in the Table or that would not be generally recognized by the Planning board as a subset of an existing use shall be referred to the Zoning Board for recommendations concerning the inclusion of the use in the Table.
