Chairman Smith opened the Public Hearing under Item 2 at 6:31 P.M.

The Selectboard reviewed the new and renewal applications for Innkeeper and Lunch Wagon permits.

Mary Hastings was present and provided a brief overview of The Frosty Paw. The Frosty Paw is a mobile family business that offers prepackaged ice cream treats out of a musical ice cream truck. Ms. Hastings and her children plan to sell old-fashioned novelty treats downtown, parades, and ballgames.

Chairman Smith closed the Public Hearing under Item 2 at 6:33 P.M.

**ITEM 2: To hold a Public Hearing and vote on the following new and renewal applications for Innkeeper and Lunch Wagon Permits (continued)**

Matthew Smith questioned if The Outpost was a lunch wagon. The Outpost has several buildings on its lot, and quite a bit of infrastructure were moved in. He suggested the Board review The Outpost and confirm they have the appropriate licensing. Joshua Bell asked if Mr. Smith was looking to ensure they fulfill the definition of a lunch wagon. Mr. Smith replied, yes. Since the original license was issued, they have added a permanent sign and several permanent roofs to the site. Scott Landry asked if taxes were being paid on the outbuildings. Stephan Bunker noted the business has morphed, and Code Enforcement should review to see if the company continues to meet the definition of lunch wagon or do they fall into a different category. If so, which category and what are the standards. Mr. Smith said he is happy that The Outpost is thriving.

**Stephan Bunker moved to approve the new applications for The White Fox, LLC, and The Frost Paw, and the renewal applications for Mount Blue Motel, Mount Blue Motel DBA Colonial Valley Motel, Sandy River Dairy, The Ugly Dumpling, and the Outpost; Scott Landry seconded.**

**ITEM 4: To Approve an Expenditure of \$260,000 from the Public Works Equipment Reserve Account #SX-7960 for the purchase of a new plow truck**

Public Works Director Phil Hutchins introduced Shop Manager/Mechanic Jeffrey Fitch. Mr. Fitch extended an open invitation to the Board to stop by the shop, ask questions, and look at the equipment. Mr. Hutchins reported that the \$260,000 expenditure is not for a specific truck; the purchase is predicated upon availability. Mr. Fitch contacted O'Connor Trucks and Freightliner of Maine, each of the dealerships is allotted one slot in the factory for a future build with the

arrival in October 2022. The other Mr. Fitch contacted had a minimal wait of twenty-four months, and that's not a guarantee. Mr. Fitch reported that the Town is not guaranteed a truck from O'Connor or Freightliner. The Town is competing with other towns to buy the trucks, and if we do not react quickly, the trucks will be sold. Mr. Hutchins stated if the funds are approved tonight, he will approach the dealerships tomorrow in hopes of securing a plow truck. If the funds are approved tonight and we cannot purchase one of the two trucks, the money would be held to allow the Town to buy a truck on the spot. Joshua Bell asked if the cost of the truck would be around \$260,000 and if the price included fully outfitting the vehicle. Mr. Hutchins confirmed that \$260,000 covered the cost of a "turn-key" truck ready for winter. It's a high-end estimate, depending on if the Town needs to make some changes. O'Connor's list price is roughly \$250,000, and Freightliner's is approximately \$256,000. Mr. Hutchins confirmed that the new truck would replace the 2003 Volvo truck with a hopper. Once the hopper is placed on the truck, it cannot be used to haul sand or snow; its function is limited.

**Stephan Bunker moved to approve an expenditure of \$260,000 from the Public Works Equipment Reserve Account #SX-7960 for the purchase of a new plow truck; Scott Landry seconded.**

**VOTE            AFFIRMATIVE            5                                    MOTION CARRIED**

**ITEM 5: To accept a \$500 donation from Franklin County Babe Ruth, and \$300 from Mount Blue High School Baseball Team to offset the cost of the infield mix for the Major League Baseball Field at Hippach, and place the funds into the Parks and Recreation General Supplies Account #50-7400**

Parks and Recreation Director Matthew Foster reported he has already purchased the dirt. The Town put twenty yards of dirt onto the field before the season was open, and it needs an additional twenty yards. The donations will be used to offset the cost.

**Joshua Bell moved to accept a \$500 donation from Franklin County Babe Ruth and \$300 from Mount Blue High School Baseball Team to offset the cost of the infield mix for the Major League Baseball Field at Hippach, and place the funds into the Parks and Recreation General Supplies Account #50-7400; Stephan Bunker seconded.**

**ITEM 7: To accept a \$250 donation from Mickey Amlotte (Sports Project, Inc.) to go towards the purchase of a new dome for the dome hockey table, and place the funds into the Community Center Program Supplies Account #52-7400**

Parks and Recreation Director Matthew Foster said Micky Amlotte had made \$500 donations for many years. He sells games of chance at the local fairs, and these donations are his way of giving back to the community. A few years ago, Mr. Amlotte provided Mr. Smith with a list of donations he has made over the past 15 – 20 years, and it added up to a significant amount. His contributions helped the Town start a lacrosse program. Matthew Smith thanked Mr. Amlotte for his continued support.

**Scott Landry moved to accept a \$250 donation from Mickey Amlotte (Sports Project, Inc.) to go towards the purchase of a new dome for the dome hockey table and place the funds into the Community Center Program Supplies Account #52-7400; Joshua Bell seconded.**

**VOTE AFFIRMATIVE 5 MOTION CARRIED**

**ITEM 8: To approve moving \$139.14 from the Bowen Ice Skate Propane Reserve Account #SX-7953 into the Hippach Field Reserve Account #SX-7954 (current balance \$13,911.91)**

Parks and Recreation Director Matthew Foster reported that Dead River had donated propane for many years. The Town has not used account #SX-7953 for many years, it has been kicking around, and it may be time to consolidate the funds into the SX-7954 account. Mr. Foster indicated the account was no longer needed.

**Joshua Bell moved to approve moving \$139.14 from the Bowen Ice Skate Propane Reserve Account #SX-7953 into the Hippach Field Reserve Account #SX-7954 (current balance \$13,911.91); Byron Staples seconded.**

the eighty students completed their hands-on training to become State-certified firefighters. The students and staff were thrilled with the training facility. The facility is being well used and well appreciated. The American Legion and Hannaford Supermarket graciously provided lunch for the participants.

- E.) Joshua Bell requested that the banners previously hung on Front Street could also be displayed in the downtown area before Memorial weekend. He indicated Public Works has the flags. Christian Waller believed they could be, and he would put our best people on it.
- F.) Joshua Bell generated a discussion regarding solar farm moratoriums. He questioned if the Town would need to hold a public hearing and vote on creating a moratorium. Matthew Smith confirmed that was correct. Mr. Bell declared that now we have had the ordinance in place and can see the pros and cons, it would be wise to take another look at it. A few things he would like to see are placing the powerlines underground, addressing the issue of setbacks, and a survey that defines the effects of solar farms on abutting landowner's property. Matthew Smith believed that the surveys are already out there; we've been given them before. Mr. Bell asked if the Town should have a moratorium. Mr. Smith responded that the Town looked at a moratorium, and it was stringent and did not meet the standards. Christian Waller asserted he has some information right now, and due to tariffs and other economic factors, just about all the solar activity has been hibernating for a while. His best-educated guess would be it will be at least six months before things get moving again. Mr. Smith said he agrees with Mr. Bell, the Board previously discussed taking another look at solar farms. Like any other ordinance, we have it in place now, and it's time to look at it to see what we like and don't like. Scott Landry acknowledged that many people are negotiating options with the power companies and have been placed on hold. It will be interesting to see what effect the wait may have on negotiations.
- G.) Scott Landry mentioned he noticed the striping was almost complete. Christian Waller reported there is only one place in the country that manufactures the paint, and last year due to COVID-19, production was delayed.
- H.) Matthew Smith reminded everyone that Monday is Memorial Day, and it is about our fallen soldiers and service members. Sometimes that gets forgotten. The American Legion will hold a memorial ceremony at the WWI Arch at 10:00 a.m. he encouraged everyone to come. The WWI area was refurbished, the arch was washed, a new lighted flag pole was added, trimmed some trees, and reseeded the grass. It looks nice. Following the 10:00 a.m. ceremony at the WWI arch, they will march down to the WWI Memorial at Meetinghouse Park, and there will be a wreath-laying ceremony. The Boy Scouts of America and the Girl Scouts of America will march with veterans.
- I.) Matthew Smith said our thoughts and prayers are with those involved in the tragedy today in Texas. Today's disaster involved a lot of children. Mr. Smith encouraged everyone to keep the people of Texas in their thoughts and prayers. He hopes everyone gets through this.

There being no further business to come before the Board, **Scott Landry moved to adjourn at 7:05 P.M.; Joshua Bell seconded.**

**VOTE            AFFIRMATIVE        5**

**MOTION CARRIED**

Minutes respectfully submitted by Nancy L. Martin.
