TO: Farmington Select Board, Farmington Budget Committee

FROM: Erica LaCroix, Town Manager

DATE: January 5, 2026

RE: FY2026 Budget

Esteemed members of the Select Board and Budget Committee, and residents of the Town of Farmington,

Please find attached the preliminary 2026 Six-Month Budget developed by myself and the Department Heads. We have worked hard to turn in as lean a budget as possible for this transition period to the new fiscal year.

The net appropriation (expenditures less non-tax revenues) is 47% lower than 2025. This falls short of the goal of a 50% decrease or more. **The Town-only portion** of the budget reflects a **55.8% decrease**. The higher net appropriation is due to the County and School budgets being only 47% and 48.9% lower than 2025 because this appropriation represents half of the increases to their budgets which started in July of 2025, as well as a 55.6% decrease in non-tax revenues. The estimated mil rate for this 6-month budget is \$5.44.

SIGNIFICANT CHANGES FOR THE FY2026 BUDGET:

- All townwide expenses (except sewer) have been moved to the Fixed Assessments cost center. This includes payroll taxes, retirement, health insurance, work comp, landline telephones, IT services and software programs like Office 365 which are used by every department. These are “umbrella costs” that are the cost of doing business. Splitting those costs into each department is time consuming and often creates inaccuracies.
- There is no capital budget *except* to cover any budgets that are in a deficit or projects that absolutely cannot be delayed because they are already underway or obligated. Included in this budget are appropriations to the capital roads budget and the capital fire equipment budget.
- Requests for new spending are not included unless deemed necessary.
- Some line items that contain a single annual expenditure may be zeroed out, or may be the full amount, depending on the month of the year the expenditure is due. This primarily applies to software licenses, annual inspections, professional dues and annual trainings.

PERSONNEL COSTS

- The Selectmen voted in a COLA of \$.45. This is equal with the increase in the minimum wage and applies to all employees. Note that this is not a percentage as has been the case traditionally. Sticking to a set dollar amount ensures that all employees are treated equally. Future COLA adjustments will be calculated this way and will probably be more modest amounts as the compensation plan that was voted in with the last budget includes bi-annual merit increases.
- This budget contains no annual stipends as those are paid in December. This includes the safety bonus, the Select Board stipend and all of the PD stipends.
- Police Wages are an unknown due to the contract expiring in March. I have entered a placeholder of the same \$.45 COLA as everyone else.
- Parks Programs, both expenditures and revenues, including the cost of staff, will be moved to a Special Revenue account. This removes them from the Parks budget, thereby reducing the tax burden, but also reducing overall revenue. Use of a special revenue account rather than putting these items in the general fund budget makes it clear if programs are self-supporting or if fees need to be examined. Note that park maintenance, youth camps, the after-school program and any programming for which no fee is charges will remain in the Parks budget.
- Health Insurance increased 9%.....again. Thankfully we added the Moosehead plan last year as our base plan for all employees except police union members which insulates the Town somewhat as this is a much cheaper plan than our former standard plan. Employees must pay the difference if they wish to enroll in one of the more expensive plans.
- PFML was transitioned to a private plan in April. We don't start paying into the private plan until May of 2026, and the percentage of payroll will be reduced from 1% to .82%. To get this rate we had to agree to add \$10,000 in employer-paid life insurance for all paid employees at a total cost of \$1,500 per year. **I am proposing that the savings go to the town with our burden being .32% of payroll and the employee burden being .5%.** My reasoning is that the employee is getting an additional \$10,000 benefit at no cost (note that I am also an employee so I'm recommending that I pay .5% as well).
- Work comp costs have decreased 32%. There may be an adjustment for 2025 based on estimated versus actual payroll. That should be known by February.

UTILITIES

- FWD is implementing a 1.5% increase to the water bills, which most significantly impacts hydrants.
- Electricity costs rose significantly in 2025 due to three CMP increases to delivery and service charges. They have not advertised further increases in the next six months, but the Standard Offer Rate for electricity rose 20% on January 1, as did the First Point electricity supply contract.

NEW ITEMS

- Code Enforcement Planning Intern – In 2025 the Selectmen approved hiring a college intern to help with the Comprehensive Plan. The approval was for up to \$8,640. The \$4,640 in this budget is the remainder of her obligation.

- Police Department Part Time Patrol Officer – The Police Department is down a detective and one patrol position. This part-time position covers one shift per week adding \$9,249 to the 6-month personnel budget and \$717 to the payroll taxes which is offset by the vacancies.
- Parks & Recreation Copier Lease – costs for toner and supplies on the town-owned unit have risen dramatically, and the unit is not up to the volume of printing needed for running programs. We want to add Parks to the Town copier contract which adds \$1,030 to the 2026 Parks budget.
- Community Center Security System – replaced old alarm system with new vendor and added security cameras. Added \$300 to 6-month budget.

REVENUE

- State Revenue Sharing is predicted to be somewhat lower in the first six months of 2026. The March and April payments are always lower due to the State issuing tax refunds. This revenue is down 8.82% for the six-month period. A decline in State Revenue Sharing is also expected to continue into the next State budget year.
- Local Road Assistance is issued in the November/December timeframe and is not reflected in this budget.
- Police revenues declined in the 2024 to 2025 period and therefore are expected to be lower in the coming months. These fees are somewhat hard to predict as they are generated by parking fines (when paid, not when written) and other fees like accident reports and fingerprinting. Overall public safety revenue is down 9.31% in the six-month budget.
- Recycling revenue has been declining with the markets and is down 6.52% for this budget.
- The entire Program Fees revenue budget has been transferred to the Rec Programs Special Revenue account 7623-1055 (See Special Revenues page 62). As referenced at the beginning of this memo, all income and expenses related to operating paid recreation programs will be transferred to this account to remove the burden from taxes and track revenues keeping up with expenses.
- Note that some revenues also fluctuate seasonally. For instance, dog licenses, hunting licenses, boat registrations and snowmobile registrations are seasonal in nature. Some revenues, such as tax exemption reimbursements, LRAP, and certain business licenses are only paid once per year.

The Select Board has directed that this budget and the FY2027 budget be kept as low as possible. The departments have done that to the extent that it is possible to control costs. Unfortunately, over half of the budget consists of costs over which we have no control. These include the County and RSU 9 assessments, utilities, healthcare, general assistance and other state mandates. We believe that we have put forth significant effort to only ask for what is truly needed in this budget.

We look forward to presenting to the Budget Committee, the Select Board and the public starting this week.

Erica LaCroix

FY2026

Tax Rate Impact on the Average Home in Farmington

The average home value in Farmington is approximately \$300,000.00. The tax rate in this proposed budget of 0.00544 (including TIF commitment) will result in property taxes of \$1,632.88 for the average home. The two tables below are designed to show the property tax impact on the average home when the tax rate is adjusted up or down.

1/4 Increments in the Tax Rate

Tax Rate	Net Tax Appropriation	Increase / (Decrease)	Property Taxes Owed*	Increase / (Decrease)
0.00444	4,814,514.57	(1,083,634.84)	1,332.88	(300.00)
